ESTANISLAO M. PIALAGO, JR.
Managing Head
Energy Geothermal Corporation
Tongonan Geothermal Project

Dear Sir Pialago:

Good day!

In line with the Bureau's capacity development program on clean air as per Section 2 of the Clean Air Act or RA 8749 which provides that *the state recognizes the responsibility of cleaning the habitat and environment is primarily area-based*, and in order to expand the ambient air quality network, the EMB will be implementing the **"Adopt an Ambient Air Quality Monitoring Station Program"** with the participation of private firms or industries to put up a continuous ambient air quality monitoring station which will be directly connected to office air quality network operating center (AQNOC).

In view of the above, we urge you to participate to this program and you may send your advance confirmation through this email: r8support@emb.gov.ph or emb8_emb8@yahoo.com. For inquiries feel free to contact ambient air section at (053) 832-2319.

Looking forward to your positive response to this request.

Thank you and God bless!

Very truly yours,

ENGR. REYNALDO B. BARRA
OIC, Regional Director
