HONORABLE ROMEO C. CREER

Brgy. Chairperson

Brgy. San Isidro, Dulag, Leyte

ENVIRONMENTAL MANAGEMENT BUREAU
RELEASED BY: 
DATE: 3/03/2022
TIME: 2:56 pm

Dear **Honorable Creer**,

Environmental Greetings!

This has reference to BLGU San Isidro's **Materials Recovery Facility (MRF)** which was monitored by personnel from this Office on 18 February 2022 in order to evaluate its operation. The inspectors noted that the MRF was fully operational, properly labeled and well-maintained. However, the record system for the quantity of solid wastes received, stored, sold to junkshops and the amount of sales generated was not updated.

Anent to this, you are hereby advised to sustain the operation and maintenance of the MRF and to regularly update the MRF recording system. The purpose of which is to come up with data that will be used in calculating the actual waste diversion rate of the barangay.

Moreover, the inspectors also observed that the BLGU is very active in implementing solid waste management-related programs such as prohibition on open burning of wastes, recycling activities and contests, sustainable community gardening, environmental awareness drives, community involvement, and strict enforcement of ordinances.

In view of these, you are advised to sustain such practices and initiatives to further enhance your compliance to **RA 9003 or the Ecological Solid Waste Management Act of 2000**.

Thank you and stay safe. God bless.

Very truly yours,

ENGR. REYNALDO B. BARRA
OIC-Regional Director
