Dear RD Poliquit:

Good day!

The Environmental Management Bureau (EMB) as a line bureau of the Department of Environment and Natural Resources (DENR), is mandated to implement Republic Act 8749, otherwise known as the Philippine Clean Air Act of 1999. This act provides for an extensive air pollution control policy which seeks to protect human health and the environment from emissions that pollute ambient air. This Act also requires the DENR to prepare the Emission Inventory which shall provide an overview of the air quality status in the country.

Relative thereto, we are requesting categorized data of **Mobile Source** of CY 2022 1st Quarter on registered motor vehicles by classification, type (car-gasoline, car-diesel, uv-gasoline, uv-diesel, truck, bus, and mc/tc), and registering District Office. We highly appreciate if an advance copy will be provided through email xavier_lubiano@emb.gov.ph on or before April 4, 2022. For queries you may contact Ambient Air Section staff through tel. no. (053) 832-2319.

Thank you to your continued cooperation.

Very truly yours,
