TIME: 9:14am

Below are the analysis results of the water quality assessment in Sohoton Cave Natural Bridge, Basey, Samar conducted by our technical staff on December 6, 2021.

Sohoton Cave Natural Bridge

Location	Temp (°C)	DO (mg/L)	pH	Fecal Coliform (MPN/100ml)
Sohoton Cave Natural Bridge Stn.1	29.45	7.65	7.47	180
Sohoton Cave Natural Bridge Stn.2	29.04	7.23	7.05	180
Sohoton Cave Natural Bridge Stn.3	29.47	7.25	7.64	200
DENR Standard for Class C	25-31	5 (min.)	6.5-9.0	200

The above table shows that the analysis results for Temp, DO, pH and Fecal Coliform are within the DENR standards.

For his information.
