TIME: 11:36am

Dear **Ms. Arce**,

Warmest Greetings!

In line with the office program to conserve and protect the environment, several programs have been made to ensure that our natural resources will be sustained. With that, the office under the Adopt-an-Estero Waterbody program is conducting quarterly water quality monitoring on the adopted estero/waterbody.

For your information, we are providing you below the water quality monitoring results for the 4th quarter of CY 2021 for the adopted estero/waterbody.

Esteros/Waterbodies	Dissolved Oxygen		Biochemical Oxygen Demand	
	Station 1	Station 2	Station 1	Station 2
1. Bilwang Creek	-	-	3.2	-
DENR STANDARD FOR CLASS C RIVER	5 mg/L (minimum)		7 mg/L	

The above table shows that the Biochemical Oxygen Demand in Station 1 is within the DENR standards. There was no results for DO since the Water Quality Checker was not available at that time and for station 2 for BOD due to inaccessible path and heavy rains.

Thank you for your support.

Respectfully yours,

ENGR. REYNALDO B. BARRA
OIC - Regional Director

Dear Ms. Onate,

Warmest Greetings!

In line with the office program to conserve and protect the environment, several programs have been made to ensure that our natural resources will be sustained. With that, the office under the Adopt-an-Estero Waterbody program is conducting quarterly water quality monitoring on the adopted estero/waterbody.

For your information, we are providing you below the water quality monitoring results for the 4th quarter of CY 2021 for your adopted estero/waterbody.

Esteros/Waterbodies		Dissolved Oxygen	Biochemical Oxygen Demand
Boac Creek	Station 1	5.67	-
	Station 2	4.67	-
	Station 3	4.78	-
	Station 4	4.17	-
	Station 5	4.14	-
DENR STANDARD FOR CLASS C RIVER		5 mg/L (minimum)	7 mg/L

The above table shows that only the Dissolved Oxygen in station 1 is within the DENR standards. There was no results for BOD since the laboratory was not available at that time.

May we request your good office to conduct regular cleanup on the portion of Boac Creek that you have adopted. We recommend that you shall seek the support of the concerned barangay and LGUs and other stakeholders.

Thank you for your support.

Respectfully yours,

For your information, we are providing you below the water quality monitoring results for the 4th quarter of CY 2021 for your adopted estero/waterbody.

Estero/Waterbody	Dissolved Oxygen		Biochemical Oxygen Demand	
	Station 1	Station 2	Station 1	Station 2
Diit River	7.06	7.23	9.1	9.7
DENR STANDARD FOR CLASS C RIVER	5 mg/L (minimum)		7 mg/L	

The above table shows that the analysis results for DO are within the DENR standards. However, all the results for BOD failed the standards.

May we request your good office to conduct regular cleanup on the portion of Diit River that you have adopted. We recommend that you shall seek the support of the concerned barangay and city LGUs and other stakeholders.

Thank you for your support.

Respectfully yours,

ENGR. REYNALDO B. BARRA
OIC - Regional Director

Ms. LEONITA SABANDO

Head, Environmental Protection
Energy Development Corporation
Centrum Building – 2nd Floor
Aviles St. Ormoc City

Dear Ms. Sabando,

Warmest Greetings!

In line with the office program to conserve and protect the environment, several programs have been made to ensure that our natural resources will be sustained. With that, the office under the Adopt-an-Estero Waterbody program is conducting quarterly water quality monitoring on the adopted estero/waterbody.

For your information, we are providing you below the water quality monitoring results for the 4th quarter of CY 2021 for your adopted estero/waterbody.

Adopted Estero/Waterbody	Dissolved Oxygen		Biochemical Oxygen Demand	
	Station 1	Station 2	Station 1	Station 2
Anilao River	3.84	5.21	7.4	3.6
DENR STANDARD FOR CLASS C RIVER	5 mg/L (minimum)		7 mg/L	

The above table shows that the analysis results for Stn. 2 for Dissolved Oxygen and Biochemical Oxygen Demand are within the DENR standards. However, results for Stn. 1 for DO and BOD failed the standards.

May we request your good office to conduct regular cleanup on the portion of Anilao River that you have adopted. We recommend that you shall seek the support of the concerned barangay and city LGUs and other stakeholders.

Thank you for your support.

Respectfully yours,

ENGR. REYNALDO B. BARRA
OIC -Regional Director
