ENVIRONMENTAL MANAGEMENT BUREAU
RELEASED BY 
DATE: **03-20-2015**
TIME: **10:00am**

Dear **Mr. Bracero**:

This pertains to your letter-request for the amendment of the Environmental Compliance Certificate (ECC) issued to you on **November 23, 2000** for the **Commercial Sand & Gravel Extraction Project** with an area of **21,341 square meters** located in **Cabayongan River, Barangay Kalinawan, Jaro, Leyte**.

After evaluation of the documents submitted, this Office has decided to grant your request considering that it is permitted in DAO 2003-30 itself. Thus, the ECC will now be **Industrial Sand and Gravel Extraction (without Crushing Plant)** and will increase its area from **21,341 square meter** to **35,824 square meters** with an annual extraction rate of **1,000 cubic meters per hectare**.

You may proceed with the project implementation after securing all the necessary permits from pertinent government agencies and LGUs concerned. Further, you are advised to strictly comply with all the stipulations cited in the ECC including the submission of Compliance Monitoring Report (CMR) semi-annually. Consistent thereto, an MMT or EIA on-the-spot monitoring will be conducted regularly to ensure your compliance with the same. Furthermore, any change in the approved proposed operation shall be subjected to the EIA requirements.

This letter forms an integral part of the subject ECC, the primary purpose of which is to serve as proof of its amendment.

Please be guided accordingly.

Recommending Approval:

REYNALDO B. BARRA
OIC, EIAM Division
