

December 27, 2021

**Department of Environment and Natural Resources
Environmental Management Bureau
Regional Office VIII
DENR Compound, Jones Street, Tacloban City**

Attention: **Engr. Reynaldo B. Barra**
Regional Director

Subject: PCO Accreditation

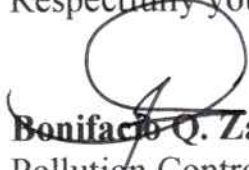

Dear Director Barra,

I am providing you a copy of the documents as required for my accreditation as the Pollution Control Officer of Petron Ormoc Terminal:

1. PCO Application Form
2. Appointment letter from PETRON – Visayas District Manager
3. Curriculum Vitae of the undersigned
4. Gov't Issued ID of the undersigned
5. Notarized Affidavit of Joint Undertaking of the PCO and Managing Head
6. Certificate of Training for Forty (40) hours of Basic PCO Training
7. Appointment Memo for Managing Head
8. Certificate of Training for Eight (8) hours on Environmental Management
9. Gov't issued ID of the Managing Head

I am very much keen to attend future seminars or trainings to update my knowledge with regards to Environmental Laws and Regulation in the Philippines. Thus, you can contact me at my number, +63 917 567 0138, for updates on incoming seminar and training.

Respectfully yours,

Bonifacio O. Zanoria, Jr.
Pollution Control Officer
Ormoc Terminal

Career Summary:

- Comprehensive experience in the field of Engineering (Oil Depot Management, Process and Quality, Equipment and Safety)
- Well adopted to international work standards, Integrated Management System (ISO 9001:2015, ISO 14001:2015, ISO45001:2018)
- Knowledgeable in PLC (Programmable Logic Control) Operation
- Experienced in product receiving, storage and dispatching (Petroleum Products, Soya, Wheat, Corn, etc.)
- Experienced in Plant Engineering and Maintenance (Pumps, Compressor, Motors, Tanks, IMTEs, Product Pipelines, Conveyors, Sensors, Bucket & Belt Elevator, Batch Weigher, Dust Collectors, Diverters, Surge Bins, etc.)
- Possess a total of more than 4 years of professional experience in Mechanical and Piping Design in an Oil & Gas and Shipbuilding Industry
- Skilled in preparing material specifications, equipment layouts, piping GADs and Isometric Drawings
- Experienced in the following design tools: Smart Plant 3D, Smart Plant Review, Basic PDS, Basic PDMS, MATES Shipbuilding, Micro Stations and AutoCAD

EDUCATIONAL BACKGROUND:

June 2005 ~ October 2010 University of Cebu – Main Campus

**Bachelor of Science in Mechanical Engineering
(ME Board Examination Passer: March 2011)**

June 2001 ~ March 2005 Agsungot Integrated School, (Brgy. Agsungot, Cebu City)

Graduated: 5th Honors Award

June 1996 ~ March 2001 Agsungot Integrated School, (Brgy. Agsungot, Cebu City)

Graduated: 9th Honors Award

WORK EXPERIENCE:

Petron Corporation

Ormoc Terminal Manager (September 2021~ Present)

Isabel Terminal Superintendent (August 2020~ September 2021)

Mandaue Terminal Engineer (February 2018~ August 2020)

(ISO 9001:2015, ISO 14001:2015, ISO 45001:2018 Certified Oil Storage and Distribution Terminal)

➤ Responsibilities:

- Supervises a group of trained personnel who are assigned in the LPG Operation, Bulk Section, Lubeoil Warehousing, Safety & Security, and Building Administration sections of Petron Ormoc Terminal.
- Act as the assistant Quality Management Representative (QMR), Document and Data Controller, and Supervises the implementation of IMS Standards.
- Acts as a relief Depot Superintendent / Manager to other oil depots in the Visayas and Mindanao operations.
- Supervise and/ or monitor implementation of all projects being implemented in the terminal ensuring that all projects will adhere to safety and environmental standards.
- Supervise and monitor implementation of all maintenance works in the terminal including the renewal of maintenance contracts of service providers.
- Act as one of the safety coordinators inside the terminal and enforce the safety policies of the company. Ensures implementation of ISO 45001 including the compliance to statutory requirements.
- Ensures the implementation of the ISO 14001 and compliance of contractors handling projects to environmental and statutory requirements.

Terminal Engineer (Nov 2016 ~ February 2018)

Mactan Grains Terminal Inc

Lapulapu City, Cebu

➤ **Responsibilities:**

- Appointed as Plant Supervisor in Engineering and Maintenance Department
- Team Leader for the mechanical maintenance and engineering personnel
- Operates and controls PLC (Programmable Logic Control)
- Troubleshoots the alarms communicated via PLC
- Ensure maintainability of new installations (Belt/Drag Conveyors, Motor, Bucket Elevator, Dust Collector, Compressor, Weigher, etc.)
- Schedule and execute preventive maintenance program
- Inspection, adjust and conduct needed replacement of equipment's parts
- Review E.H.R (Equipment History Record) and its PM conducted
- Ensure housekeeping, productivity and quality of work standards are maintained
- Investigate, provide and implement corrective measures for near misses and all safety incidents
- Prompt repairs to ensure continuity of business/operation

Design Engineer (January 2014 ~ August 2016)

Fluor Daniel Inc., Philippines – Cebu Office

I.T. Parl Lahug, Cebu City

➤ **Projects Completed**

- **SASOL Fluor South Africa (3rd Generation Project)**
Location: South Africa
Date: May 2016 – August 2016
- **ENCANA Cutbank Ridge Program (3rd Generation Project)**
Location: Alberta Canada
Date: November 2015 – May 2016
- **SUNCOR Water Technology Development Centre (3rd Generation Project)**
Location: Alberta Canada
Date: June 2015 – November 2015
- **ENBRIDGE Regina Tank Expansion**
Location: Edmonton Canada

Date: July 2014 – June 2015

- **ENBRIDGE Cromer Tank Expansion**

Location: Alberta Canada

Date: April 2014 – June 2014

➤ **Responsibilities:**

- Create 3D piping & mechanical drawing and facilitate/participate design review
- Apply international standards to the designs, drawings and layouts
- Prepare 2D Computer Aided Design (CAD) drawings for review and constructions
- Develop and review project scope of services, scope of facilities, and other project baseline documents for all phases of projects
- Develop estimates, schedules, progress reports, and key quantities tracking reports
- Incorporate Health, Safety and Environmental factors in design
- Review vendor equipment documentation of basic complexity within the discipline and from other disciplines for compliance with project requirements, and actively seek discrepancy resolution
- Deliver quality work and adhere to the Operation System Requirements (OSR)
- Execute project work in accordance with approved activity plans
- Adhere industry codes and standards as well as department practices and procedures
- Actively participate in environment, health, and safety and security activities so, as to effectively contribute in providing a safe, secure and healthful work environment.

Design Engineer (September 2012~ January 2014)

Tsuneishi Technical Services Philippines Inc (ISO 9001:2015 – Quality Management System Certified)

Balamban, Cebu

➤ **Responsibilities:**

- Prepares the arrangement of pipes on the machinery part of marine vessels especially on bulk carriers of any size
- Design piping arrangement in 3D environment using MATES software for shipbuilding
- Model/update equipment for different types of vessels as per vendor drawing
- Project nozzle orientation for better piping connections
- Check nozzle design pressure and instrumentation with respect to piping & mechanical standards
- Prepares and submit drawings using ACAD versions 2010, 2011, 2013, etc.

- Prepares purchase order specifications of valves and equipment related to piping design
- Confirms material of pipe to be used in the piping system
- Prepares and estimate quantity of materials needed for piping and supports
- Decides the cutting and bending of pipes to limit the vibration and for easy fabrication & installation
- Checks the interconnection of pipes on its adjacent, lower and upper decks with respect to other arrangements
- Prepares detailed isometric drawings for the pipe spools
- Ensures that the total technical solutions are in the adherence to the classification's societies such as NK, BV, ABS, LR, KR, AICS, JIS & SOLAS requirements
- Conduct on board checking and inspection for quality and design improvements
- Handled the tasks of preparing drawing package for construction piping service under the instruction of project managers
- Assigned the responsibilities of project filing and maintaining organized projects books
- Performed other related tasks as required

Maintenance Supervisor (February 2012~ July 2012)

Gaisano Grand Group of Companies

Mandaue City, Cebu

➤ **Responsibilities:**

- Ensure maintainability of the new installations
- Design and monitor an effective and economically justified preventive and predictive maintenance program
- Ensure proper operation and maintenance of the equipment
- Inspection, adjustments, replacements of parts for selected equipment
- Review and assign work to maintenance technicians
- Create monthly PM and personnel schedule
- Eliminate work hazards to the employees thru risk identification process
- Review E.H.R. (Equipment History Report) and manuals
- Promote proper communication and good work relations to employees
- Ensure housekeeping, productivity and quality of work standards are maintained
- Investigate and provide reports on the incidents and equipment breakdown

)S.S

JOINT AFFIDAVIT OF UNDERTAKING

We, **Gildo P. Destreza**, of legal age, Filipino, a resident of **Mandaue City, Cebu**, and the **Managing Head of Petron Ormoc Terminal** located at **Brgy. Linao, Ormoc City, Leyte**; and, **Bonifacio Q. Zanoria, Jr.**, of legal age, Filipino, a resident of **Brgy. Linao, Ormoc City, Leyte**, and the appointed/designated **Pollution Control Officer (PCO)** of **Petron Ormoc Terminal** after being sworn to in accordance with law, do hereby depose and say that:

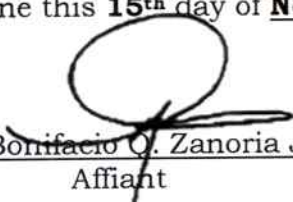

1. We undertake to perform the following duties and responsibilities:

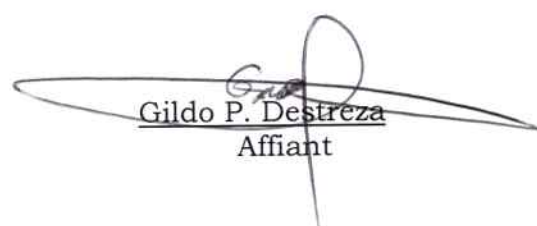

- a) To ensure compliance with the requirements of Presidential Decree 1586, Republic Act (RA) 6969, RA 8749, RA 9003, RA 9275, their respective implementing rules and regulations, and other pertinent rules and regulations including Board Resolution 1996-33 for establishments under the Laguna de Bay Region where appropriate;
- b) To identify and/or cause the identification of significant environmental aspects and impacts of the establishment's operational activities and recommend possible mitigating measures in the formulation/preparation and/or review of the Environmental Management Plan and Contingency Plan;
- c) To attend to and/or cause the securing of all permitting and registration requirements of the establishment prior to the construction or installation of pollution control facilities including, but not limited to, securing of necessary permits and renewal thereof;
- d) To ensure the proper performance, operation, and maintenance of environmental management facilities or systems of the establishment such as the following:
 - Wastewater treatment facilities
 - Air pollution control devices referred to in DENR Administrative Order (DAO) 2000-03
 - Hazardous waste management storage areas (permanent or temporary)
 - Solid waste segregation/management facilities (i.e. MRFs, sanitary landfills, composting facilities, etc.)
 - Environmental monitoring devices such as the Continuous Emission Monitoring Systems, Air Monitoring Stations, effluent flow metering/measuring devices, groundwater monitoring wells, and other environmental monitoring devices;
- e) To ensure that hazardous waste disposed offsite are covered by a hazardous waste manifest, duly signed by the transporter and Treatment, Storage, and Disposal (TSD) facility; and with corresponding Certificate of Treatment (COT) duly signed by the TSD facility. Copies of the signed hazardous waste manifest and COT shall be submitted to the concerned EMB Regional Office in accordance with DAO 2004-36;
- f) To ensure that transport vehicles are properly operated and maintained (applicable only for hazardous wastes transporter);
- g) To ensure that hazardous wastes TSD are properly operated and maintained (applicable only for hazardous wastes TSD facility);

- h) To monitor and/or cause compliance to the requirements specified in the Environmental Compliance Certificate and the commitments stipulated in the Environmental Management and Monitoring Plans or Environmental Performance Report and Management Plans, and report the same in the Compliance Monitoring Report (CMR);
- i) To monitor and/or cause the monitoring of activities pertaining to the installation or construction of pollution source and control facilities to ensure compliance with the National Emission Standards for Source Specific Air Pollutants and National Ambient Air Quality Standards and report monitoring results to the Department of Environment and Natural Resources (DENR) as part of the SMR;
- j) To monitor and/or cause the monitoring of activities pertaining to the operation and maintenance of pollution control facilities to ensure compliance with the Effluent Standards and report monitoring results to DENR as part of the SMR;
- k) To monitor and/or cause the monitoring of the use of chemicals, especially those listed under the Priority Chemicals List (PCL) and those with Chemical Control Orders (CCO) and the generation of solid and hazardous wastes. Monitoring data shall be submitted as part of the SMR and the PCL Compliance Certificate;
- l) To monitor and/or cause the monitoring of the importation or distribution of chemicals, especially those listed under the PCL and those with CCO and the generation of solid and hazardous wastes. Monitoring data shall be submitted as part of the SMR and the PCL Compliance Certificate (applicable only for importers or distributors of chemicals);
- m) To promptly submit and/or cause the submission of duly accomplished, signed, and validated CMRs and SMRs;
- n) To report and/or cause the reporting within twenty-four (24) hours from the occurrence of any of the following environmental incident to the concerned EMB Regional Office and the Laguna Lake Development Authority (LLDA), as the case may be:
 - Breakdown of any pollution source and/or control facility or monitoring instruments; or
 - Releases (e.g. leaks, spills, etc.) of chemicals or hazardous wastes (listed in Annex 1 of DAO 20AA-BB as well as the Priority List of Hazardous Substances as published by the Agency for Toxic Substances and Disease Registry of the Department of Health & Human Services of the United States of America) to environmental media;
- o) To report and/or cause the reporting within twenty-four (24) hours from securing of the results of laboratory analysis or from online monitoring instruments any exceedance to effluent and/or emission standards;
- p) To submit and/or cause the submission to the Pollution Adjudication Board / LLDA Public Hearing Committee copy of the SMR duly received by the concerned EMB Regional Office/LLDA (applicable only for establishments with pending case);
- q) To attend and/or cause appearance of responsible personnel in technical conferences, hearings, and meetings especially on matters pertaining to pollution cases of the establishment;
- r) To keep ourselves abreast with the requirements of the DENR;
- s) To coordinate regulatory programs and activities with the city/provincial/municipal governments (if applicable);
- t) To initiate and intensify and/or cause initiation/intensification of environmental management activities including awareness campaign within their organization; and

- u) To participate and/or cause participation in multi-partite monitoring team activities and meetings, where applicable
2. We are executing this affidavit to attest to the foregoing statements, and to comply with the DENR requirements for PCO accreditation pursuant to DAO AA-BB.
