Attention: **Mr. JILL GEMENTIZA**
Pollution Control Officer

Subject: **Denial of Source Emission Test (SET) Plan**

Sir:

This has reference to your letter duly received by the EMB Regional Office on 16 March 2022 requesting for the Approval of Source Emission Test Plan of your two (2) units 400HP Biomass Coco Shell Fired Boiler, one (1) unit 1500 KVA/1200KW diesel fired Generator Set (single stack), and one (1) unit 815KW/1999 kg/hr High Pressure Diesel Oil Fired Boiler to be conducted by AERONICS Incorporated on April 4 & 5, 2022.

Based on evaluation of the submitted test plan, your 3rd party source emission tester has an expired Certificate of Accreditation of the QA/QC Manager- Engr. Reo F. Feca and Team Leader- Engr. Christian P. Sarmiento with reference SAT No. 2018-68 valid until January 24, 2022 only. Under Section 16 of DAO 2013-26 (Revised Guidelines for DENR Accreditation of Third-Party Source Emission Testing Firms), no source emission testing team and firm shall be allowed to conduct source emission testing for compliance purposes unless it has an accredited Team Leader and QA/QC Manager.

Hence, please be informed that your request for approval of your test plan has been denied. You may submit a new test plan and attach a valid Certificate of Accreditation of the Team Leader and QA/QC Manager of your contracted source emission test provider for evaluation.

For your information and guidance.

Very truly yours,

REYNALDO B. BARRA, PME.
OIC-Regional Director
