Dear **Mayor de Guia**:

Greetings!

This is to acknowledge receipt of the municipality's revised 10-Year Solid Waste Management Plan (2020-2030). We would like to inform you that after initial evaluation of the Plan, it was found out that there are important data that should be incorporated in the Plan. Hence, the Plan was not endorsed to the National Solid Waste Management Commission (NSWMC) for approval.

Meanwhile, we are respectfully returning this Plan for completion of important components. Upon completion, please return to this office immediately so that the plan will be endorsed to NSWMC for further evaluation and eventual approval.

Furthermore, we are requesting you to immediately implement the SWM strategies indicated in the Plan ahead of its final approval.

Attached is the Initial Evaluation Report for your guidance.

Thank you and more power.

Very truly yours,

for:
