Dear **Ms. Macasabuang**,

This is in reference to your letter requesting for an expansion (from 57, 979 sq. m. to 81,768 sq. m.) on the amended Environmental Compliance Certificate (ECC) ECC No. 08-001206-0133 for the existing Industrial Sand and Gravel Extraction Project located at Sibugay River, Barangay Poblacion, Albuera, Leyte.

As per EMB Memorandum Circular 005 – July 2014, "Revised Guidelines for Coverage Screening and Standardized Requirements under the Philippine EIS System" particularly Annex B on Decision chart for determination of requirements for project modification, your proposed project will fall as "Expansion of land/project area outside catchment or environment described in the original EIA Report (with increase in capacity)" and is required to apply for an Amendment thru our Online ECC application. A separate ECC should also be applied if the area for Crushing plant is located outside of the proposed expansion area for extraction.

Please feel free to visit our website www.emb.gov.ph for your online ECC application. For any further inquiry, you may contact our Office at (053) 832-2319 or email us at emb8_emb8@yahoo.com.

For your information and guidance.

Very truly yours,

ENGR. REYNALDO B. BARRA
OIC-Regional Director
