Attention : **ALVIN BRIAN VILLEGAS**  
Pollution Control Officer

Dear Sir:

This has reference to the table/desk monitoring conducted on January 19, 2022 at your poultry dressing project, **Leyte Agri Ventures Corporation** with plant address at Brgy. 69 Anibong Tacloban City. Findings and observations of the desk monitoring were based on the submitted 4<sup>th</sup> quarter Self-Monitoring Report for 2021, valid Discharge Permit and Permit to Operate. Below are the findings and recommendations to wit:

1. Average daily production reflected in the online SMR is different from the attached pdf with values 5734 heads and 7800 heads, respectively. Rectify values and data indicated in the SMR;
2. Data provided in Module 3 of SMR, daily volume of generation exceed the maximum allowable volume provided in Discharge Permit per DP Conditions 3-8. Daily volume of generation should not exceed the maximum allowable volume provided in the Discharge Permit;
3. Temporary Permit to Operate is valid until May 4, 2022. Apply for POA renewal prior expiration; and,
4. Effluent sampling will be scheduled and conducted to check efficiency of Wastewater Treatment Facility.

In view thereof, please comply with the above-mentioned recommendations to ensure compliance to environmental regulations. Please be guided accordingly.

Very truly yours,

**REYNALDO B. BARRA, PME**  
OIC, Regional Director
