Dear **Atty. Enage**:

Environmental Greetings!

This Office is writing upon the instance of your letter dated **08 February 2022** to this Office in relation to the opposition to the renewal of the license/permit issued to Mr. Alcher Baring's Sand and Gravel Operation/Wilbar Construction.

In connection thereto, this Office would like to inform your office that a Notice of Violation has been issued by this Office against Wilbar Sand and Gravel Extraction Project of Mr. Willy Baring in Brgy. San Joaquin, Capoocan, Leyte, for allegedly violating a minor condition of its Environmental Compliance Certificate (ECC) requiring it to submit a Compliance Monitoring Report to this Office semi-annually. If found liable, the existing rules and regulations provide for the imposition of a fine which shall in no way affect the validity of the ECC.

As such, independently from the actions undertaken by this Office, it is our humble understanding that it is ultimately for the Provincial Sand and Gravel Task Force (PSAGTF) to pass upon on the renewal of the license/permit issued to Mr. Alcher Baring's Sand and Gravel Extraction Project/Wilbar Construction.

For your information. Thank you and best regards.

Respectfully,

ENGR. REYNALDO B. BARRA
OIC- Regional Director
