Mr. Sonny M. Gadaingan
Daye Sanjin Industrial Corporation
LIDE, Barangay Libertad, Isabel, Leyte

ENVIRONMENTAL MANAGEMENT BUREAU
RELEASED BY: _____
DATE: 2-9-22
TIME: 12:15 pm

Subject: ECC Relief/Cancellation

Dear **Sir/Madame:**

This is with reference to the Environmental Compliance Certificate (ECC), with **Reference Code: ECC-R08-1808-0038**, issued by this Office last **September 3, 2018** to **Daye Sanjin Industrial Corporation** for its **SEALED PATTERN REDUCING OVEN PLANT** Project located at **Barangay Libertad, Isabel, Leyte**.

An on-site project validation conducted by technical staff of this Office revealed that the said establishment was non-existent at the time of monitoring. The proposed site is located within the Roaster Plant of the Lepanto Consolidated Mining Company. According to Ms. Jessiebell R. Torcino, PCO of Lepanto, the proposed Sealed Pattern Oven Plant did not push through due to the site location and financial and management issues. The management has planned to transfer the project to another location. The ECC, however, remains to be valid and subsisting, and your compliance with the conditions and restrictions laid down thereunder continues to bind your office, unless otherwise a request for ECC Relief is submitted by the proponent of the project to this Office.

Under **Figure 2.5, Flowchart on Request for Relief of ECC, EMB Memorandum Circular No. 002, Series of 2007** or the **Revised Procedural Manual for DENR Administrative Order No. 2003-30¹**, proponents of projects which has been completed must prepare and submit a letter request to this Office containing the details of the project, the basis for requesting the relief, including an abandonment, rehabilitation, and/or decommissioning plan, which will be submitted for the approval of this Office. Upon approval thereof, the project proponent carries out the plan and this Office shall thereafter verify the compliance with such plan. Upon conclusion of the verification, this Office shall issue an Order relieving the proponent from compliance with the ECC Commitments or denies the request for relief until the requirement is satisfactorily completed.

On this premise, you are hereby directed to submit a letter-request for ECC Relief, including your abandonment, rehabilitation, and/or decommissioning plan for the project to this Office **within thirty (30) days from receipt hereof**. Please be informed that your failure to do so and to secure a relief from ECC Commitments shall not affect the validity of the ECC. Accordingly, by reason thereof, you are under obligation to comply with the conditions and restrictions. Otherwise, a corresponding legal liability arises in view of any failure to comply with the same.

For your immediate compliance and guidance.

Respectfully,

ENGR. REYNALDO B. BARRA
OIC- Regional Director
