

25 March 2022

ENVIRONMENTAL MANAGEMENT BUREAU
RELEASED BY:
DATE: 3/29/2022
TIME: 11:30am

DENNIS ANGULO

Proprietor
Pet Crematorium Facility Project

Sir:

This pertains to the letter sent on 24 March 2022 and received by our Office online on 25 March 2022 verifying the permits / certificates needed prior starting a Pet Crematorium Facility Project.

Please be informed that the following Environmental Compliance/Permits that the Environmental Management Bureau implement may cover your establishment:

- Environmental Compliance Certificate (ECC) / Certificate of Non-coverage (CNC) under Presidential Decree No. 1586 or the "Philippine Environmental Impact Statement (EIS) System",
- Wastewater Discharge Permit (WWDP or DP) under "Republic Act 9275 or the Philippine Clean Water Act of 2004",
- Permit to Operate Air Pollution Source Installation and Control Facility (PTOAPSI/CF or PTO) under "Republic Act 8749 or the Philippine Clean Air Act of 1999", and
- DENR Hazardous Waste Generator Registration Certificate (DENR HWG ID or DENR ID) under "Republic Act 6969 or the Toxic Substances and Hazardous and Nuclear Waste Control Act of 1990".

Pursuant to Section 4 of PD 1586, no person, partnership, or corporation shall undertake or operate any such declared environmentally critical project or area without first securing an Environmental Compliance Certificate. Under Annex A – Project Thresholds for coverage Screening & Categorization, this institution would fall under the following:

Project / Description	Covered (Required to Secure ECC)			Not Covered (may secure CNC)	Project size parameters/ Remarks
	Category A:ECP	Category B:Non-ECP		Category D	
	EIS	EIS	IEE Checklist	PD (Part 1 only)	
3.6.10 Columbarium and similar projects (including funeral parlor and crematorium)	None	None	>1 hectare	≤ 1 hectare	Total/gross floor area including parking, open space, and other areas

Section 14, Article 2, Chapter 2 of DENR Administrative Order (DAO) 2005-10, known as the Implementing Rules and Regulations (IRR) of RA 9275, states that the Department shall require owners or operators of facilities that discharge regulated effluents pursuant to this act shall secure a permit to discharge. This includes generation of wastewater from comfort rooms, kitchens, etc.

Section 1, Rule 9 of DAO 2004-26, known as the Amending Rule 9 of DAO 2000-81 (IRR of RA8749), states that All sources of air pollution subject to these IRRs must have a valid Permit to Operate issued by the EMB Regional Director. This includes operation of furnace, power generator sets (including standby), boilers, etc.

Section 3.3 of DAO 2013-22, known as Revised Procedures and Standards for the Management of Hazardous Wastes (Revising DAO 2004-36), states that waste generators are required to register online and pay the registration fee to the EMB Regional Office having jurisdiction over the location of the waste generator. Hazardous Wastes are substances that are without any safe commercial,

industrial, agricultural, or economic usage, e.g., busted fluorescent/LED lamps, used engine and cooking oil, used lead-acid batteries, waste electronic and electrical equipment. Furthermore, this DAO requires waste generators to adhere the proper storage, treatment and disposal of any hazardous wastes generated.

In this regard, you are advised to secure for an ECC at <https://ecconline.emb.gov.ph/live/> or CNC at <https://cnconline.emb.gov.ph/projectchecker>, Discharge Permit and/or Permit to Operate at <https://opms.emb.gov.ph/>, and Hazardous Waste (DENR ID) Registration Certificate at <https://hwms.emb.gov.ph/>. *(Attached is the Guide and List of Requirements)*

For further inquiries and questions, you may contact the Clearance and Permitting Division at (053) 832 – 2319 local 208.

This is for your information, guidance, and compliance.

Very truly yours,

REYNALDO B. BARRA, PME
OIC, Regional Director

EMB Online Permitting and Monitoring System (Permit to Operate)

Step 1. Visit our website. Go to <https://opms.emb.gov.ph>

Step 2. If already have an OPMS account, log in to your account. (email address and password)

- Note: Do not forget your email address and password.
- If the OPMS account is not yet linked to Company Reference System (CRS), kindly visit <https://client.emb.gov.ph/crs>, create an account then click "Add establishment", provide establishment information, and it will be subject for approval by the EMB8 Office.

Step 3. Once successfully logged in at OPMS and linked to the CRS, look for the particular permit that you wish to apply located at the left side/panel of the OPMS interface.

- **For Permit to Operate(PTO) Application:** click Permit to Operate and add "New Permit to Operate" and continue with the application.

Step 4. Kindly fill up the needed information/details at OPMS steps 1 to 6. (Note: In steps 3 and 4, if the source classification is exempted from emission testing, kindly proceed to Step 5)

Documentary Requirement (New Application):

1. Engineer's Report prepared by the Pollution Control Officer and approved by the President/General Manager.
2. Drawing requirements signed by the President/General Manager and duly signed by PME/ChE or any appropriate engineer and appropriate plans / drawings described under Section 3(b) of DAO 2004-26 eg. Detailed General Plant Layout.
3. Copy of the Certificate of Accreditation of the Pollution Control Officer, or appointment/designation as such by the Managing Head.
4. Environmental Compliance Certificate (ECC) or Certificate of Non-Coverage (CNC) copy.
5. Copy of DTI Registration Certificate, SEC Registration Certificate and Cooperative Registration Certificate. For Government Offices/GOCCs, Certification that it is a Government owned Property.
6. Environmental Management Plan (EMP)
7. Picture of air pollution source equipment (genset, engine, nameplate)

Note: Requirement nos. 1 & 2 is only for Small, Medium, and Large Sources only.

EMB Online Permitting and Monitoring System (Wastewater Discharge Permit)

Step 1. Visit our website <https://opms.emb.gov.ph>

Step 2. Register or Sign Up. Click the "Register" button in the page.

- Input necessary information such as your name, company represented, address, contact details and upload required documents such as a scanned copy or picture of your company ID, etc.

Step 3. Use the registered information to log in to your account. (email address and password)

- Note: Do not forget your email and password.
- If not yet linked to Company Reference System (CRS) , kindly visit <https://client.emb.gov.ph/crs>, create an account then click "Add establishment", provide establishment information, and it will be subject for approval by the EMB8 Office.

Step 4. Once successfully logged in at OPMS and linked to the CRS, look for the particular permit that you wish to apply for located at the left side/panel of the OPMS interface.

- **For Discharge Permit(DP) Application:** click "(DP) Discharge Permit" and add "New Discharge Permit" and continue with the application.

Documentary Requirement (New Application):

1. Water billing statement for the whole year.
2. Waste Water Line Layout (Duly signed and sealed by a registered sanitary or chemical engineer).
3. Vicinity Map of the Plant (Duly signed and sealed by a registered sanitary or chemical engineer).
4. Plan and Elevation Layout of Waste Water Treatment Facility with specifications (Duly signed and sealed by a registered sanitary or chemical engineer).
5. Notarized Application.
6. Engineer's Report.
7. ECC or CNC copy.
8. PCO Accreditation / Appointment letter.

EMB Tel. No. (053) 832-2319; EMB Personnel-CPD: Engr. Denzon- 0938-506-6846; Ms. Amescua-0906-323-3289

DENR ID/HAZARDOUS WASTE GENERATOR (HWG) REGISTRATION

Visit **hwms.emb.gov.ph**, then Register a new account.

Attachments:

1. Duly notarized affidavit attesting to the truth, accuracy and genuineness of all information contained and attached in the application
2. Description of existing waste management plan
3. Pollution Control Officer Letter of Designation
4. Contingency and Emergency Plan
5. Photographs of hazardous waste storage area
6. Official Letter of Request

EMB Tel. No. (053) 832-2319

ECC Online Requirements

emb.gov.ph

<https://ecconline.emb.gov.ph/live/>

*Environmental Impact Assessment
Applications / Submission*

Requirements for Registration:

1. email address
2. ID
3. Cellphone # / Phone #
4. SEC / DTI (if applicable)

Downloadable Forms:

1. Project Description
2. Abandonment/Decommissioning/Rehabilitation Information
3. Environmental Impact Management and Monitoring Plan
4. PEMAPS Questionnaire
5. Project Components
6. Sworn Statement

Documentary Requirements

1. Geotagged photographs of project site (taken for last 30 days)
2. Topographic Map of impact/affected areas (at least 1 km from the project boundaries)
3. Certification from LGU on the compatibility of proposed project with existing land use plan
4. Site Development and/or Vicinity map signed by registered professionals
5. Project/Plan layout signed by registered professionals
6. Schematic diagram of wastewater treatment facility
7. Schematic Diagram of Air Pollution Control Facility
8. Organizational Chart in charge on environmental concerns
9. Proof of authority over the project site (land title, lease contract, deed of absolute sale, etc.)
10. Affidavit of No Complaint
11. Geological Assessment (SAG Projects)
12. Geohazard (GIR) from MGB-8 (only for Subdivision, Landfill)
